An Appeal to Statistics Alumni of Gauhati University

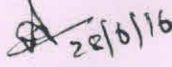

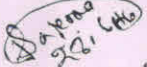

It has been quite sometime since you had left the hallowed portals of our department. However we remember you very well. Notwithstanding the days which have passed since then, we would like to reinvigorate the relationship. While you have excelled in life in many different ways, we are confident that memories of the time you spent under the roof of this dept have not been lost. In the meantime, we have been listening to news about your success; sometimes in bits and pieces. Perhaps it is time to look into ways & means of how we can know more about you and celebrate your achievements.

We have therefore been exercising ourselves on how best to engage with our alumni. It is our belief that such an exercise will be mutually beneficial. As a first step towards this end, we have taken an initiative to prepare a 'Faculty Album'. We expect that such a step will enable us to strengthen the special bond between us. The album shall also be shared with all stakeholders of the Dept – alumni, students research scholars, teachers (present as well as retired).

To begin with, we shall be happy if you could send us some details as per annexure. The same may be emailed to our colleague Prof Kishore Kumar Das (email ID: daskkishore@gmail.com). We also request you to forward this appeal to other alumnus with whom you may be in touch. We plan to update this album regularly by including newer stories and news about our alumni & development of the dept. We shall also look forward to your suggestions on alumni events and initiatives that can be planned.

We plan to release this 'Alumni Album' in Aug 2016. Your co-operation in therefore solicited. We are sure that this exercise could signal the beginning of a new chapter of the relationship between members of the family of Dept. of Statistics, Gauhati University.

We remain

1. Professor Amit Choudhury HOD  28/6/16
2. Professor Pranita Sarmah  28/6/16
3. Professor L. Choudhury  28/6/2016
4. Professor Kishore K. Das  28/6/16
5. Ms Jagriti Das  28/06/2016

ANNEXURE
