

TWO DAY WORKSHOP

IN THIS ISSUE

## Application of Methods and Techniques in Contemporary Research

The Department of Geography, Gauhati University is organizing a two day workshop on 'Application of Methods and Techniques in Contemporary Research' September 22-23<sup>rd</sup>, 2017.

LaTeX

This is a document preparation system for high-quality typesetting. It is most often used for medium-to-large technical or scientific documents but it can be used for almost any form of publishing.

SPSS

SPSS Statistics is a software package used for logical batched and non-batched statistical analysis

Endnote

It is a industry standard software tool for publishing and managing bibliographies, citations and references on the Windows and Macintosh desktop

MENDELEY

Mendeley

Mendeley is a free reference manager and academic social network that can help you organize your research, collaborate with others online, and discover the latest research.

Language Skills

Develop Your Writing - Writing Skills and Technique. Whatever you are writing, your aim should be to make your text as clear as possible – to present your ideas clearly and concisely and to avoid ambiguity or redundancy.

Say 'No' to Plagiarism

Sensitization towards plagiarism and encourage research student towards genuine research work.

### Course description

This course is aimed at imparting basic knowledge on application of various statistical, and writing software for research purpose. The program also includes sensitization towards plagiarism and writing skills and techniques among research students. The course is designed to enable research students to carry out their research in a scientific temperament, and to write research papers at par international standard.
